WHY YOU SHOULD NOT GAMBLE ON POWERBALL

This is a simple powerball simulator representing many games played over a lifetime. Assuming you played powerball about once a week for 100 years ($52 \times 100 = 5200$) and played random numbers every time. (http://www.powerball.com/pb_home.asp).

Grand Prize

60000000

Games Played

5200

Winning Tickets

Money Won
